

SMILEY'S

SPACE STATION

Color Smiley® floating in zero gravity!

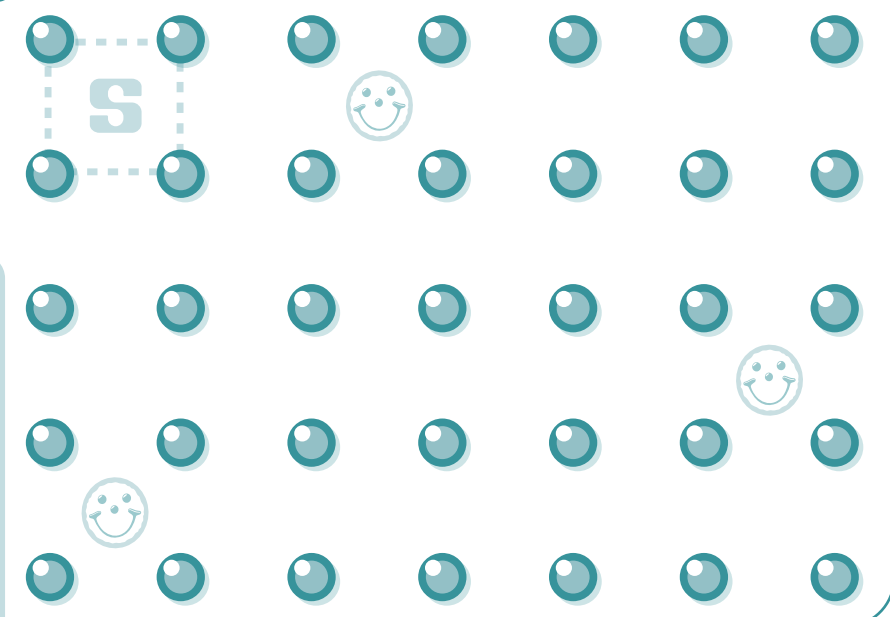

The U.S. and 15 other nations are working together to build an orbiting research facility called the International Space Station.

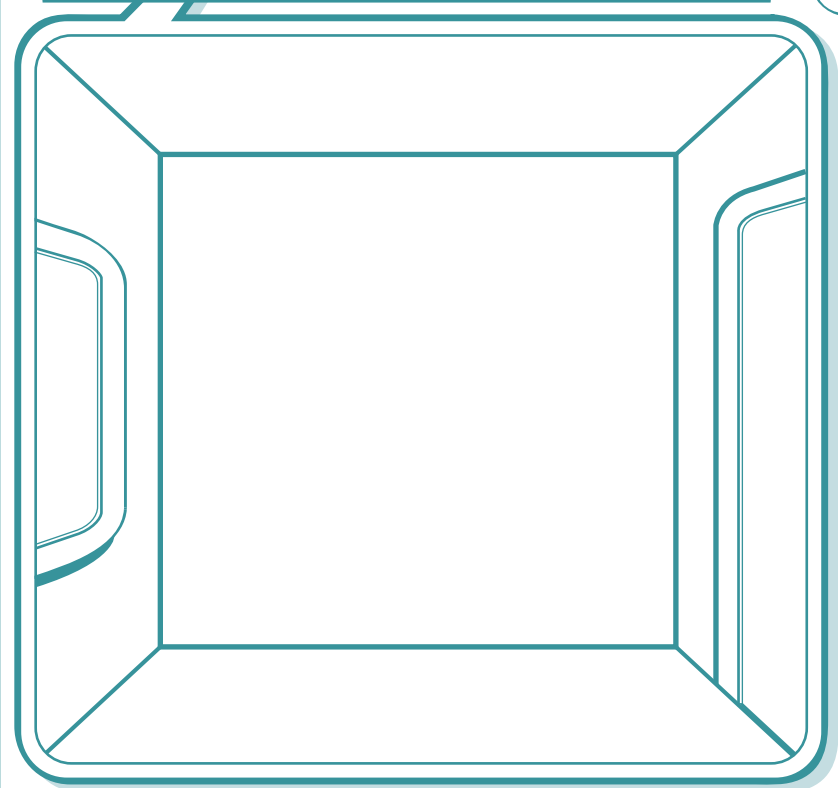

3 in a row wins!

Take turns connecting the dots. If you complete a square, place your initials inside and go again. **BOXES WITH A SMILEY® INSIDE ARE WORTH 2 POINTS!** Keep taking turns until there are no moves left. The player with the most points wins!

ORBITING ORBS

Draw what you think Smiley's room on the space station looks like!
