

RADICAL ROLLER COASTER

Help Smiley find his way to the end of the roller coaster!

START

Draw yourself riding the bumper cars with Smiley!

How many words can you make from the letters in

FERRIS WHEEL?

CONNECT THE COINS!

Take turns with a friend connecting the coins. If you complete a square, place your initial inside and take another turn. Squares with Smiley® inside are worth 2 points! Keep taking turns until there are no moves left, then add up your points. The player with the most points at the end of the game is the winner!

FUN FACT: The Ferris wheel was invented by George W. Ferris for the 1893 World's Fair, which was held in Chicago to commemorate the 400th anniversary of Columbus' landing in America.
