SMILEY'S

# MISSION TO MARS

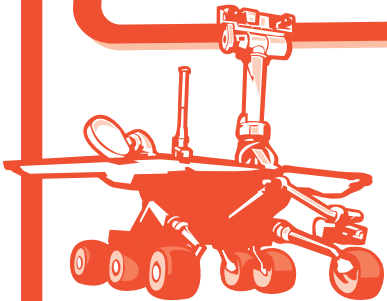

## NAVIGATE FROM EARTH TO MARS!

START

FINISH

Mars is known as the "Red Planet" because its rocky desert surface is covered with iron oxide—also known as rust!

Q W E R S Y U I O P A  
 S D F I H J K L R X C  
 V B I M A C B T G K Y

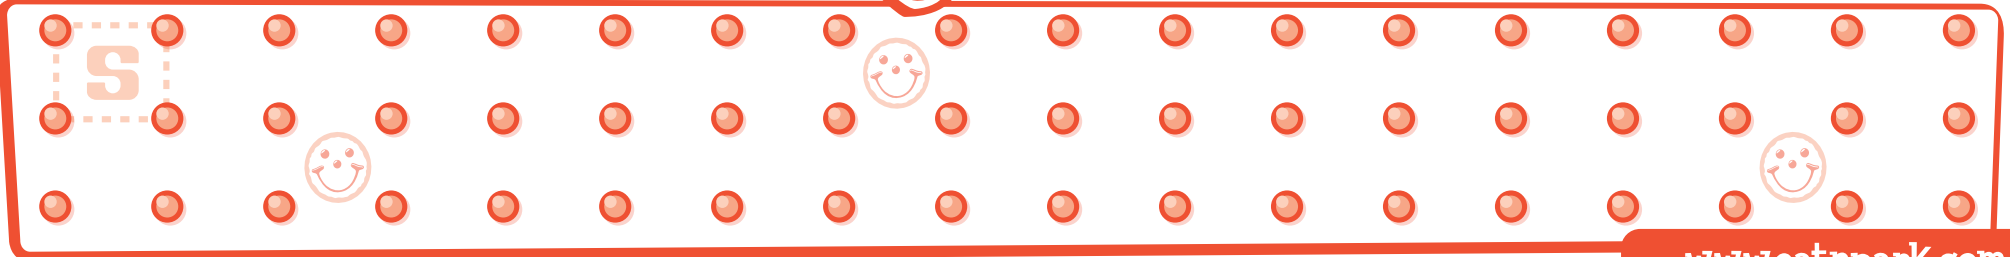

This strange-looking machine is a Mars Lander. In 2004, two of them began to explore the surface of Mars. One is named Opportunity. Go through and circle every 5th letter to find the name of the other Mars Lander!

IT IS CALLED \_\_\_\_\_

Smiley® has made a remarkable discovery on the surface of Mars! Draw his find in the space above!

Take turns connecting the dots. If you complete a square, place your initials inside and take another turn. **BOXES WITH A SMILEY® INSIDE ARE WORTH 2 POINTS!** Keep taking turns until there are no moves left. The player with the most points wins!

Answer: It is called SPIRIT.
